

**URBAN MEDIA ARTS EXECUTIVE DIRECTOR UPDATE December 19, 2024**

**Administrative/Facility –**

The ED has been focused on finalizing details for the first-floor renovation project. As of the writing of this report, deadlines for the drop ceiling RFP’s are due at end of day. The ED hopes to coordinate the ceiling project along with complete renovations of both bathrooms and the kitchen to make them ADA compliant. The entire project will be funded through the earmark funds provided by Senator Jason Lewis. Below are some design drawings the new ADA compliant counters in the kitchen area.

The first floor will also have the 20+ year carpet and tile replaced. Finally, the whole floor will be updated with a new coat of paint that will reflect UMA's brand. The walls will be white and the trim around doorways and windows will be black. The Studio and Control room will not be included in the project.

The ED is coordinating the renovation to coincide with the Holiday closure, however; the project timeline will include the first few weeks of January. UMA will be completely closed to the public while the project is underway. The ED hopes to reopen UMA on Monday, January 13, 2025. The UMA team is working with current members to accommodate any missed productions during this time.

UMA will hold an Open House in early February to show off the refreshed space. That date is TBD.

The ED decided to move forward with freshening the first floor as it will take time to coordinate and fund any real facility changes. The ED would like to focus efforts moving forward on modifying the facility to utilize our lower level to its fullest potential. The facelift and ADA compatibility for the first floor is low hanging fruit with little disruptions to operations.

#### **City of Malden –**

***As of December 12, 2024, the contract with the City of Malden is executed!!!*** A copy of the contract has been emailed to the board along with this report. Next steps are for the ED to compile a checklist of reporting requirements to the City and to work with the City to identify any additional needs.

#### **Staffing –**

UMA has its Holiday Break scheduled from December 24<sup>th</sup> through January 1<sup>st</sup>. The renovation project will happen during that time period and into the first few weeks of January. The UMA Team will work remotely until the project is completed.

The ED will be on vacation and traveling to Minnesota from January 9<sup>th</sup> through the 18<sup>th</sup> and will be unavailable for the January board meeting.
